NEW

Virtual Attendance Option

Available for all upcoming training courses:

Attendees can now register to attend either in-person or virtually.

Virtual attendees will join the training session via a private live stream video & audio feed, and participate in the 3-day training course while it is taking place in real time.

Virtual attendees will receive all course materials as well as a course completion certificate. The final exam required for CESA certification must be completed in-person, this may be through a remote proctor, or at a future AESAC training course. Contact us for more information.

Combo Discount: Save \$700.00 by attending both P1 & P2 Courses

*Course fee include \$100 early registration discount. +Course fee include \$500 combo discount. Student discount available
