Environmental Site Assessment Training Courses Spring 2026 Schedule

Phase 1 ESA Certification Course

An intensive three-day training course delivered in a practical workshop setting, providing participants with the knowledge and skills needed to conduct Phase 1 Environmental Site Assessments in Canada. Designed for both seasoned practitioners and those entering the field, the course and certification follow CSA-Z768 national guidelines.

The Ontario course includes enhanced content covering MECP O. Reg. 153/511 requirements. The Calgary, AB course is expanded to address provincial guidelines and regulations for BC, AB, SK, MB. This course is a prerequisite for the CESA designation.

Date and Locations:

Calgary, AB. *Hotel Blackfoot*
Cambridge, ON. *Cambridge Hotel*

March 10th - 12th 2026
April 14th - 16th 2026

Course Fee: \$1995.00*

Phase 2 ESA Certification Course

Offered in a three-day, hands-on workshop format, this course provides participants with the skills and knowledge needed to conduct Phase 2 Environmental Site Assessments in Canada. It is ideal for both experienced practitioners and those entering the field, and follows CSA-Z769 guidelines.

The Ontario course includes enhanced training on MECP O. Reg. 153/511 requirements. The Alberta course covers key provincial guidelines and regulations across western Canada. This course is a prerequisite for the CESAI designation.

Dates and Locations:

Calgary, AB. *Hotel Blackfoot*
Cambridge, ON. *Cambridge Hotel*

March 17th - 19th 2026
April 21st - 23rd 2026

Course Fee: \$1395.00**

Upstream Oil & Gas Online Course

This self-paced, 7-hour online course, designed exclusively for the upstream oil and gas sector, provides clear, step-by-step guidance on the mandatory procedures for conducting Phase 1 Environmental Site Assessments required for wellsite and facility reclamation. It is ideal for environmental consultants, wellsite operators, and individuals seeking to enter the oil and gas industry.

Course Costs:

\$499.00 - Digital course materials only.

\$549.00 - Includes hard copy of all course materials and Shipping.

Combo Discount: Save up to \$800.00 by attending both P1 & P2 Courses

*Course fee include \$100 early registration discount. **Course fee include \$600 combo discount. Student discount available
